

WAM ride out link

Before you start it may be worth watching the YouTube video
<https://youtu.be/W5M3TLLKuRE>

If you go to www.myrouteapp.com on a PC and install my-route, you will need to create an account, you will get a 14 day trial as a Gold member however once trial finishes you will become a basic user which is sufficient for ride out routes.

Within the app you can create your own routes, however by subscribing to the WAM group you will be able to view and download the rides.

To subscribe first enter WAM into the search bar, to see all click Show all results, you will see a Groups selection click on this to see the WAM group the one with our logo then click on Join group, this will then send invite to admins.

Once you have been given access to WAM open app then click on the map within Callander event on website to see route and download as required. For instructional purposes if you goto <http://iamwam.org/events/newevent.aspx?id=328> Al's final winter ride on Sunday 3rd March.

You can also find a support base for the program here
